

# CONSCIOUSNESS ACCORDING TO JULIAN JAYNES

**Definition (or delimitation) of consciousness:** what is introspectable; an analog 'I' narratizing in a functional mind-space; NOT reactivity, perception or a repository; NOT necessarily involved in performance, language use, learning or reasoning.

**Metaphorical creation of consciousness:** Metaphier/Metaphrand

→ *Consciousness is based on language*

**Mental function of consciousness:** an operator (like mathematics) that allows us to shortcut behavioral processes and arrive at more adequate decisions.

**Features of consciousness:**

- (1) Spatialization;
- (2) Excerption;
- (3) Analog 'I';
- (4) Metaphor 'Me';
- (5) Narratization;
- (6) Concillation
