UNITED STATES OF AMERICA V. KAREN TAPPERT

NOTICE TO
CHIEF JUSTICE
HUNT

Dear Honorable Chief Justice Hunt,

I write this letter in hopes of getting some results as to several requests gone unanswered. I have never been in trouble before of this magnitude at this advanced age of 58, and facing these types of charges is quite a confusing predicament without proper or effective counsel. I was arrested and been detained on the above named case since June 29, 2010, and still without resolve or knowing what circumstances I face. Conflicting stories between, Prosecuting attorney, Judges, Defense attorneys, and Special Agents with the Federal Bureau of Investigation is mind boggling.

You should be able to look at my file and see the conflicts I am experiencing. I have been threatened by my own attorney, as to almost causing me a cardiac arrest, to sign an unreasonable plea agreement, I have been lied to by the FBI, Prosecutor, Judge, and obviously my own attorneys. Some of the motions I put in you may not be able to look at because they were conveniently sealed by Judge Foley, unless of course you have the capability to open them.

I truly believe with all my heart that Prosecutor Michael Chu, Special Agents with the FBI J. Roy Dampier, Scott Bakken and Ruben Hernandez, my present Defense attorney Osvaldo E. Fumo and Judge Foley are all conspiring to have me imprisoned so they can continue to help Predatory Lenders, Predatory Realtors and their Predatory Attorneys, continue to steal our homes for unjust enrichments from them, even as to the very condo I live in themselves. I am not sure if Judge Pro is involved as I have written to him on several occasions too, with no response, and finally written to the U.S. Justice Department in Washington D.C. and not been answered as of yet, but only received on August 31, 2011. I believe I was arrested to shut me up with my good information to save homeowners homes. I am still in litigation with several Predatory (Alleged) Lenders and their Predatory Attorneys from behind bars! They can't succeed because I have the answers to protect the homeowners from these thieves and their Predatory lending practices.

My sentencing guidelines shows 30 points, 20 of them for losses of over 7 Million Dollars, and having over 50 victims. Looking at 9-10 years at this rate.. The first plea I signed I withdrew because of being threatened by my own attorney, you should be able to read it on my file. I filed for dismissal after signing the second, because of the blackmail, bribery, Miranda rights violations etc. Not sure I will get it because I am not sure of what is showing on my file, and my last request was denied stating to go through my attorney, he hasn't done anything for me when asked. I have asked for a dismissal, his termination, and withdrawal of plea. I have heard nothing from him in weeks.

I filed a dismissal myself, and written to the U.S. Justice Department in Washington D.C., however I know a lot of mail does not leave this facility because of being destroyed, as I received a letter from an Arizona Postal service after writing the US Postmaster in Washington D.C. and less then two weeks later get a letter from Arizona Postal stating this facility owns the mail once we put it in the mail slot and can do whatever it wants to. I think its a fraudulent letter to keep me from telling the truth regarding this foreclosure crisis. I was even denied to used Certified Mail for months from this facility.

I had asked my attorney for serveral items and made several requests and been ignored.

I have asked numerous times for the docket on my case and been denied.

I have asked for a valid Advice of Rights to the Miranda Rule and been denied.

I have asked for the victims list and been denied, don't I have a right to know my accuser? (I am told they are banks. Prosecutor Chu even put his prosecution book in front of me twice and told me to look through it... Not one victim appeared, not one)!!

I have asked for the accounting or paper trail of losses in the amount of up to \$7,000,000.00 and been denied. (Fumo sent me a list of MY CLIENTS from Pacific Federal Title Associates -- A Member Owned Association,

that I am the President of, and that I have contracts with, who owes the association money, but no banks or accounting of losses thus far from anyone, or any bank that I am being accused of committing fraud against. A simple amount next to a name is not an accounting of ill gotten gains. They seized \$11,635 from me on arrest, and my cell phones that had 4 pictures of wins at casinos at \$4,000 each that is \$12,000, and told me to talk to the judge if I thought I was getting it back, you've busy swindling the banks out of their houses.

All this happened without an attorney present, wishing to remain silent, and not understanding anything.

I have asked for Oaths of Offices, Authority, Licenses, Contracts and been **denied**.

I have asked for Bonds to who is paying for these charges and been **denied**.

I have asked for Grand Jury minutes, testimony, and witness list and been **denied**.

I have asked for Grand Jury Foreman signature(Chu told me he has to protect the identity of the foreman of the Grand Jury????) on True Bill along with mine and been **denied**.

I have asked for seizure **warrants for Private vault and contents** that requires my eye scan only with no name, **2005 Mercedes, 3 Net Spend Debit Cards** and over **\$5700** taken from them, **\$8500** turned to them from a friend, over **\$19000** taken from a Panic Room Production Bank of America account, **\$11,635** from my person and in Fed-Ex mail package, **purse and contents, condos and contents, DNA, fingerprints, pictures, 20 boxes** of Pacific Federal Title Association owned **contracts, documents, agreements, files, hard drives, computers, printers, jump drives, phones, other assorted documents, personal civil suit in progress, 2004 Black Avalanche and contents, 2 cell phones** and been **DENIED!!**

I have requested many things from the present Defense Attorney Fumo. I ask him to send my son 6 packages of my personal medical records I gave to him for safe keeping, until I could fight the case of poor medical care, and asked him for the dismissal I wrote for lack of prosecution when Boulware was my attorney, I have ask for any and all letters I gave or sent to him, including letters I was writing to Oregon courts regarding FTA. I wrote to the court to get his invoices he was sending for his payments and no response. Fumo has ignored me from the start and I can't see that he has done anything for me, including forcing me to pay for my own calls to him, and asked for a refund on the ones that were answered, and most calls were hang ups as soon as they heard it was from Karen Tappert.

I had also ask him for the investigators Craig Reike's report, who was sent out here in later March, to talk to me. This investigator didn't even know I had had a Proffer conference with the FBI and attorneys in California on Feb. 22, 2011 who wanted me to testify on the governments behalf. I was so sick and in hopes that was the reason for his visit with me. Reike said, he was here regarding my case, but we still talked about my medical. Reike said he would write up the report right away and get it to Fumo pronto. I was in tears of joy when I heard the investigator was here, as I thought I was finally getting some help for my illness. I had contacted Fumo offices on many occasion to have someone call the Marshal without success, the secretary would say she told him, but she couldn't call without his requesting it. So I wrote Reitke quite some time later and ask for the report, and said, "either you didn't write the report or Fumo didn't read it cause nothing was done to help me with regards to my health issues", I received no response from Reitke or Fumo on the letter. Finally in early April after fighting, begging, and pleading to see a heart doctor since January 5, 2011 because of an abnormal EKG I was seen, shortly later a Marshal did arrive, only to be told by the Acting Warden, that I had been seen several times by the doctor. More lies and why I saved all my medical records at Fumo's office, now I am unable to get them from him. Who knows the investigator and doctor here could be involved as well, as my life has been put at risk from medical as well as Fumo himself regarding my heart ailment.

Thus far I have put a motion in for Dismissal Pursuant to Miranda Rights Violations, I have told Fumo (my present Defense attorney) to withdraw the plea of "guilty" for blackmailing and bribing me, and to terminate his position. I have had my sons calling attorneys all over to get another one on board, all say to go to Fumo, and the reason I believe Fumo and the FBI has a scheme going as Predatory Attorney's, working with Predatory Realtors, and Judges during this Foreclosure crisis and I have the information that would stop their scheme and expose them to criminal charges themselves. As I told Judge Pro in one of his letters, you can't kill me now, as I have written all over the country and have affidavits everywhere as to what is going on here. And no answers from Judge Pro either??? What is going on?

My attorney's should have found the Miranda Rights Violations, Foley has let others go on bail on serious charges, and holding me for what? I have a serious heart ailment that needs attention, losing my teeth from poor medical and dental care here.

I have no criminal record, they say no ties to the community. I am disabled for gawd sakes, what ties is there, I have a home that the FBI told me was still in tack, then Fumo's letter states the Government is moving my things to a storage facility, and the FBI calls my son and tells him someone moved my stuff to the garage and come get my jewelry and a couple totes of clothes and file cabinet because they are keeping the rest for evidence? Nothing makes sense, I refused to allow my son to come, for fear the FBI would take him.

What is going on? This is crazy, a month ago Bakken of FBI couldn't enter the condo belonging to association and says he needs a warrant but everything is still there, then all the sudden its in the garage and there are squatter in there.. Why weren't they arrested, Fumo said it was seized and if I sent anyone over there they would be arrested. What is going on.?

I am at a loss, I need subpoenas on all these things I have requested, but Foley won't do anything, unless through an attorney who is a Predator. I need help or answers, I need my plea withdrawn, indictment dismissed, attorney, judge and prosecutor recused for conflicts of interest. I need justice somewhere, somehow, and an investigation. I have written to the U.S. Department of Justice for help. I am losing my health here and refuse to get heart procedure from here, as they have made too many serious errors regarding my health care and dental. I have letters going to the NBC, ABC, CBS, 60 Minutes, Oprah, Congressmen, Senator and Governor, won't anyone listen, or is my mail even going out. I know Las Vegas, Nevada tops the list of foreclosures, and I am the only one who knows how to fight it and win, or are they just trying to shut me up to continue the fraud? This doesn't make any since!!! Or are they all trying to hide something....You decide..... I still have my homes I know about that are in the associations, because they can't fight with the truth in my documentation, but most don't write to me, as they think beings I am incarcerated I can't work or do anything. Untrue..... I am working, and wrote to those who put me here, **ALL 6 Counts of the Fraud charges have been by REALTORS to put me behind bars**, possibly attempting to save their own bacon. Sitting at the foreclosure steps continuing to steal homeowners homes. I never promised to save anyone's houses from foreclosure or do debt abatement, I was correcting the documents to reveal the truth of this scam on the foreclosure crisis, so they could keep their own homes. Can you help? I am willing to agree to any polygraph, voice analysis, lie detector test available if someone will investigate this... I am sure none of the rest will.. I know it isn't admissible in court, but I will allow mine to be, I volunteer to allow it to be tested as to the truth of these statements made.

Your earliest response will be greatly appreciated.

Respectfully Submitted, Karen Tappert
