

Titan Spread BLOB

- Start in a 4 out set with a post at the ball side corner and opposite elbow
- Best passer should be at the ball side elbow
- Best screener should inbound the ball
- Shooter in the opposite corner

- 5 banana screens for 1 at the elbow to receive the ball at the wing (5 can slip the screen if his defenders extends)
- 4 sets a down screen for 2 to pop up to the top of the key (4 can slip if his man extends on the screen)

- If the ball goes to the 1 at the wing, 3 sets a back screen for 5 at the elbow for a post feed
- 3 shapes up after setting the screen for a 3 if there is separation due to his man helping on the back screen
- 2 fills the opposite slot for spacing

- If the ball goes to 3 on the shape up, 5 cross screens for 4 for the top down feed
- The ball can be reversed to 2 for a post entry on the back side
