Colorado used this set last night and worked well against a aggressive Alabama defense. The set begins by spreading the floor and having #5 set a high ball screen for #1. After coming off the screen #1 dribbles towards #2 who cuts back door. If this isnt open #1 has the option of hitting #5 going to the basket then #4 after he recieves a backscreen from #3. This play is a quick hitter and has multiple options especially against an over aggressive defense.
