Hoopjunkies – scouting crunch time is made to study what strategies/plays coaches use late in important games. Our primary goal is to give coaches sets and actions that can be used at almost every level. Please visit our website daily at hoopjunkiesonline.blogspot.com or at hoopjunkies.net.

UOBs can be deadly weapons, especially at the end of games. The opportunity to have a passer in a unusual spot (out of bounds) can give the offense an edge. In screen-the-screener actions, the defense must be really alert and physical ; switching isn't always the solution, nor showing-hard ... In this next play, you will witness a really great out-of-bounds play, involving screen-the-screener's. When guys are stressed near the end of the clock ... They might miss something for a second !
